●

Again we extend a cordial invitation to every Polled Shorthorn enthusiast to attend our sale at Winchester, Virginia, on Saturday, April 28, 1945.

Founded upon the best bloodlines, we have used such famous sires in our herds as Ceremonious Master, Sultan's Model, Collynie Barmpton, Marshall's Stamp, Gloster Renown, Oakwood Memory, Oakwood Gondolier, Roan Victor, and Shadybrook Helmsman. Among the present herd sires in service are Coronet Command, Oakwood Gold Standard, Roan Coronet, Oakwood Pure Gold, Lone Pine Emblem, Bellevue Minstrel, and Maxwalton Commissioner. With our herds representing many of the most popular Scotch families, we have consistently tried to produce the type of early maturing, rapid gaining cattle that we feel are best suited to farming conditions in the East and Southeast and which will serve as the most economical converters of farm roughages and pasturage into beef.

In this year's offering we are presenting a group including 7 young bulls of correct type and excellent breeding, as well as a splendid selection of 35 females, including a number of cows with calves at foot, bred cows and heifers and some young open heifers. Coming from healthy, prolific herds, they are the profit-making kind and will back up the Shorthorn claim of producing greater weight-for-age than any other breed.

A hearty welcome awaits you at Winchester on April 28th.

Shorthorn Association***

General Information

TIME—Saturday, April 28, 1945, 1:00 P.M.

LOCATION—Sale will be held at Winchester Livestock Market, Winchester, Va. There are good bus connections to Winchester from Baltimore and Washington. Rail connections may be made via B & O at Martinsburg, W. Va. or N & W at Berryville, Va., and trains will be met at either of these points if word is sent to the Sale Manager.

TERMS—Terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All animals are at the buyer's risk as soon as sold but will not be released until settled for.

GUARANTEE—All cattle have a negative test for Bang's Disease and Tuberculosis within a period of 30 days prior to the sale and proper health certificates will be furnished where required. Bulls are guaranteed breeders if properly cared for and not allowed to run with the herd when under 20 months of age. If a bull fails to breed he may be returned to the seller, if in as good condition as when bought and if after a test in the seller's herd, he still fails to breed, he will be replaced or the purchase money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. All cows and heifers over 16 months old at time of sale are guaranteed breeders. Animals returned to sellers because they do not comply with the guarantee will be at buyer's cost of transportation.

The above guarantee and terms shall constitute a contract between the consignor and buyer of each lot. Neither the Sale Manager, Clerk of the Sale, nor Shenandoah Valley Polled Shorthorn Association assumes any liability legal or otherwise.

REGISTRATION—A certificate of registration and signed transfer will be furnished for each lot sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

MAIL BIDS—Those wishing to buy at this sale who cannot be present may send their bids to Will Johnson of The Shorthorn World, to E. M. Huff of The Eastern Breeder, to Harry L. McCann, Winchester, Va. or to the Sale Manager.

AUCTIONEER—J. E. Halsey.

SALE MANAGER—Dan Cox, The Plains, Va.

Fastest Growing Breed

In five years no other breed of beef cattle can supersede the record made by Polled Shorthorns. Here is the evidence:

Transfers of Polled Shorthorns were 95 per cent higher in 1944 than in 1940; registrations increased 59 per cent in the same five-year bracket; new memberships went up 108 per cent in the same period.

Furthermore, the average price of Polled Shorthorns sold at public auction in 1944 increased 14 per cent over the average price in 1943. To date no other beef breed has presented figures which can show such rapid advancement.

If you are not already a Polled Shorthorn breeder, get started with this progressive, profitable breed.

Massanutten Memory 2d—Here is a thick, rugged bull ready to go to work sired by Lone Pine Emblem and out of one of the best producing cows in the Boyer herd.

Bellevue Roan Minstrel. This soggy, shortlegged youngster has the natural fleshing quality so much sought after. His dam would be a top cow in any herd and this branch of the Gwynne family have been excellent producers. If you need depth of body, thick flesh and short legs in your herd look him over.

Count—A very promising young bull out of a great producing daughter of Oakwood Emperor. His half-sister, out of the same dam, sold in the 1944 sale for \$600 to H. L. Straus, Reisterstown, Maryland.

This is the kind of picture that delights the eye of a stockman, a healthy young calf that will grow into money with good care and handling. Folled Shorthorns are unexcelled as mothers and the extra milk inherent in Shorthorn breeding helps grow those lusty calves that will outweigh any other breed at weaning time.

What finer picture than a group of contented, well fed Polled Shorthorn matrons resting in the shade! Good grass, good water and shade make up an important part of any cattle breeding program and no breed on earth are better suited to economical utilization of home raised feeds than Polled Shorthorns.

Elva's Fancy—This is another five-year-old cow that carries a wonderful lot of depth and thickness. She was the top selling female in the 1943 Winchester sale. She will probably have a calf by her side by Oakwood Gold Standard.

Polled Shorthorns are America's No. 1 farm investment. Naturally hornless, the wear and tear of the dehorning job is removed with its consequent loss to both cattle and owners. . . . Add safety in feed-lots and pastures, lower losses in shipping plus the naturally superior qualities of Shorthorns and you have a combination that is hard to beat. No little advantage is the strong demand which assures a good market for all surplus stock produced.

Shorthorns

You too will find . . .

Polled Shorthorns
MORE PROFITABLE, Because

. . . they are the most progressive breed of cattle on earth . . .

. . . naturally hornless cattle answer the question of how best to avoid the shrink, the cost and the horror of annual dehorning jobs . . .

. . . feedlots and pastures are safer for children, helpers and owners of farms where Polled Shorthorns are bred . . .

. . . they are the most efficient producers of beef and milk of all breeds of cattle . . .

. . . they are readily adaptable to any climate . . .

. . . they are gentle, thrifty and raise their calves to greater weights at any given age . . .

. . . the demand for Polled Shorthorn breeding stock is increasing annually, which means a steady market at substantial prices.

—and if you are seeking Polled Shorthorns of the most approved type and breeding at prices you can afford to pay, do not fail to attend this auction sale.
